To the Midwest Clinic:

Leander Independent School District is honored to have Rouse High School Honor Band perform at the 2024 Midwest International Band and Orchestra Clinic. Through the exceptional work and perseverance, these outstanding students, under the direction of Ryan Johnstone, have built their program into one of Leander ISD's best music programs, earning your recognition. We applaud these hard-working students and all their committed directors including Caitlin Wolf, Anna Bush and James Sparling.

Our district maintains its steadfast pledge to support the Fine Arts and recognizes the value of these programs in our students' educational careers. We truly appreciate the commitment demonstrated by the members of the Midwest Clinic for developing excellence in music education and providing musical ensembles the opportunity to further develop into exemplary programs.

We celebrate this memorable experience in the lives of our Rouse High School students and hope that it is one that they will look back upon with great pride for years to come.

Sincerely,

Bruce Gearing, Ed.D.
Superintendent
